Port of Oakland Protest (No Change)

Oakland Police Department (OPD) is expecting 500-1000 demonstrators on Saturday, August 16, 2014 to protest the ships partly owned by the government of Israel. Although no law mutual aid has been requested, the Port has reached out to Alameda County Sheriffs Office (ACSO) for Law Enforcement support. The distinction is that this is a planned event and therefore not technically mutual aid. OPD is planning on having their Department Operations Center (DOC) open on Saturday. The protest is planned to occur, even if the ships cancel their arrival to the Port. Cal OES Law Enforcement Branch and the Cal OES Ports and Harbors representative continue to monitor the situation and coordinate information.

Los Angeles County Severe Thunderstorms, Los Angeles County (No Change)

- Los Angeles County Operational Area Proclaimed a Local Emergency due to the Summer Thunderstorms that began on August 03, 2014.
- Los Angeles County is working on IDE assessments for the Summer Thunderstorm event, no information available at this time.

Background: Beginning on August 3, 2014 Los Angeles County was impacted by severe thunderstorms affecting the San Gabriel Mountain and Foothill communities and unincorporated areas. The heavy rains resulted in the damage of property, triggered debris and mudflows, and rockslides, that blocked culverts, damaged bridges, and caused the closure of transportation routes. Several County Departments were engaged in response and recovery activities. The heavy rains had a negative impact on local businesses, individuals, and transportation routes.

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

An upper low will bring light rain showers and a slight risk of thunderstorms to areas north of highway 299 today. Thunderstorm chances are mainly over the mountains of Del Norte County and the Trinity Alps. A return to more seasonal temperatures and drier conditions is expected Thursday into the weekend. Coastal locations can expect low clouds each night and morning.

San Francisco Weather:

Temperatures will remain below normal through midweek as an upper level trough moves across Northern California. Dry weather conditions and a slight warming trend can then be expected for the latter half of the week.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

Another weather system moves across far Northern California today resulting in cooler and breezy weather for the Sacramento Valley. Dry and milder weather returns for the second half of the week.

Hanford Weather:

Onshore flow will prevail over Central California with near to slightly below average temperatures expected for the remainder of the week.

WEATHER

WEATHER SYNOPSIS BY REGION: (Cont.)

SOUTHERN CALIFORNIA:

Los Angeles Weather:

Temperatures will remain near normal for the next seven days as Southern California remains stuck between weak upper level low pressure off the West Coast and a ridge of high pressure to the east. Night through morning low clouds and fog can be expected for parts of the coastal plain as well.

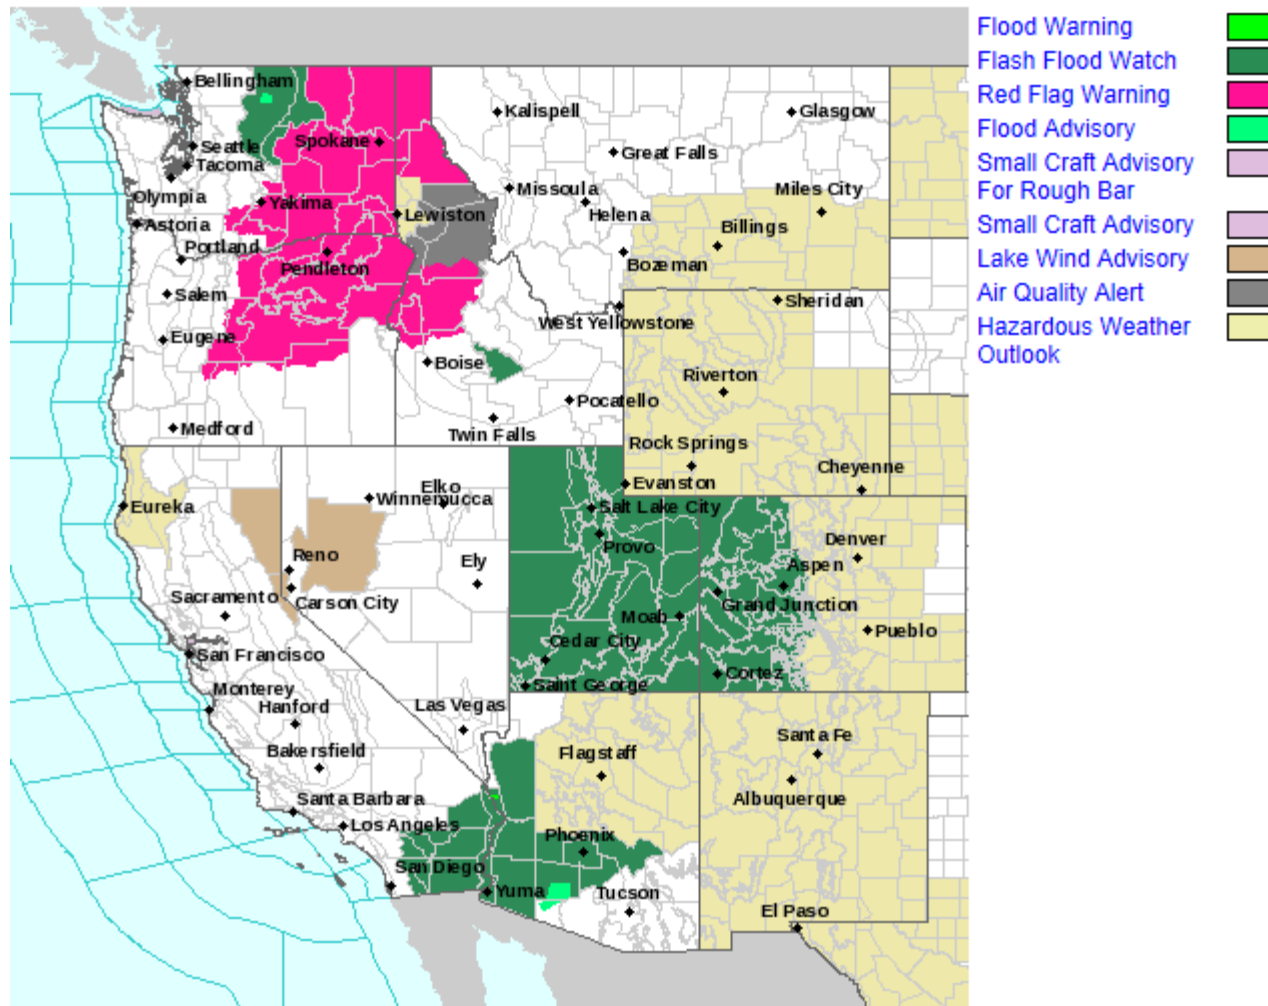

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

A moist and unstable atmosphere will persist today along with afternoon scattered showers and thunderstorms possible for the mountains and deserts. Southwest flow aloft should bring dry weather Thursday through early next week. Temperatures will be mostly near seasonal normals through early next week and night and morning low clouds will continue along the coast and the nearby valleys.

Southeast California Weather:

A low pressure system will continue to generate showers and thunderstorms across much of southeastern California today. Some storms will be capable of producing heavy rainfall and localized areas of flooding. With the moist conditions, temperatures will remain below normal the next few days. A drying and warming trend is expected late in the week as high pressure becomes reestablished.

CAL OES ACTIVATIONS

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is Monday – Friday, 0800-1700 hours.

Situational Summary

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

- Current Reservoir Levels continue to decline. Levels as of August 11th : Don Pedro 43%; Exchequer 19%; Folsom Lake 40%; Lake Oroville 34%; Millerton Lake 49%; New Melones 25%; Pine Flat 12%; San Luis 20%; Lake Shasta 33%; Trinity Lake 33%; Pyramid Lake 93%; and Castaic Lake 46%.

- Emergency Drinking Water Procurement and Distribution Planning Guidance (rev. May 2014)

Significant changes have occurred to the structure of California's state government organization. Rapid advances in systems, science, and technology have helped emergency managers improve coordination, forecasting, and situational awareness. Because of these changes, the *Multi-Agency Emergency Response Procedures for Potable Water Procurement & Distribution* document has been replaced by the *Emergency Drinking Water Procurement and Distribution Planning Guidance*. The intent of this guidance document is to clarify the roles and responsibilities of the stakeholders involved in locating, procuring, and delivery of emergency drinking water¹ to populations in California. Consequently creating a framework for agencies and organizations to work together to enhance preparedness.

- State Board Mandatory Conservation Regulations Now in Effect: The state's first-ever emergency regulations mandating urban water conservation became effective will be in effect until April 25, 2015.

http://www.waterboards.ca.gov/waterrights/water_issues/programs/drought/emergency_regulations_waterconservation.shtml

- The 2014 Governor Drought Task Force continues to meet regularly to take actions that conserve water and coordinate state response to the drought.

- Cal OES continues to gather drought-related costs from state agencies and local governments.

CAL OES MISSIONS

Ongoing Cal OES Missions

- **2014-LAW-4821 Update:** 2204 hours: Per AFRCC, CAP aircraft were able to locate the 121.5 signal from the air. They currently have teams on the ground searching for the source. **Situation:** Locate and silence an EPIRB from the US Coast Guard Helicopter sounding near San Diego Bay. California Civil Air Patrol has been assigned. Cal OES LDO is coordinating resources.
- **2014-LAW-3978,** On 08/05/2014 at 1519 hours, this law mission was continued at the request of San Bernardino County Sheriff's Department (SBSD). SBSD is requesting Los Angeles County Sheriff's Department (LASD) Mine Team to assist in a continuing search for human remains related to an active, ongoing homicide investigation in the Twenty Nine Palms area. The continued search was scheduled for this weekend, 8/09-8/10; however, has been postponed to the following weekend, 08/16-17/2014. LASD's Mine Team has accepted the mission and will respond. **Update:** 8/7/2014, 1010 hours, SBSD advising the planned mission for this weekend, 8/9-10/2014, is being postponed to the following weekend, 8/16-17/2014 with LASD Mine team still assisting. **Mission On-Going.**

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
